

K4 Curriculum by Erica Made Designs, LLC

- * Please note that you do NOT have to do all of the activities planned for each week, there are blank lines at the bottom for you to add in other activities that suit you. The activities are listed in a specific order so that your K4 student will be doing a variety of activities each day.
- * All of the items on the list are either supplied in my download package or I have placed a link in the spreadsheet to where you can download them.
- * The names of activities in the spreadsheet should directly correlate to the names of the files in the download.

For additional ideas, please see each letter on my blog at:

<http://www.confessionsofahomeschooler.com>

[If you have any questions as to what an activity is, or how to use it please email me at erica@confessionsofahomeschooler.com](mailto:erica@confessionsofahomeschooler.com)

Daily Learning Notebook: DailyLearningNotebook.pdf

Supplies: 1/2" 3-ring Binder, 3 page protectors

Directions: Place pages 4-6 in page protectors so they can be re-used daily with dry-erase markers.

Each day fill in the information for that specific date, filling in all pages until you get to this month's grid. Fill in today's number on the monthly grid, and the weather. At the end of the month discuss which type of weather you had the most and least amount of.
