

# Add It!

## **How to play the game:**

- Place an addition flashcard onto the empty white rectangle on the game board.
- Using any manipulative of your choice, place the correct amount of objects into the top green box based on the top number on the addition flashcard.
- Place the correct amount of objects into the middle yellow box based on the bottom number on the addition flashcard
- Using the “Scoop”, scoop all of the objects from the green box & the yellow box, down into the blue box.
- Count the total of objects and place the correct number card onto the bottom of the addition flashcard.

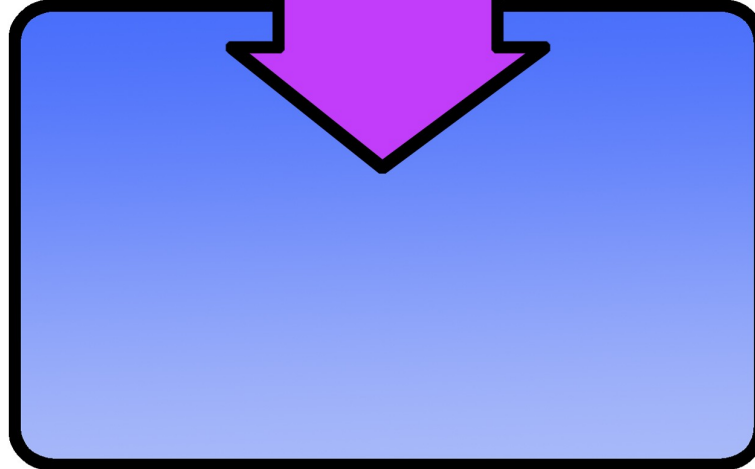

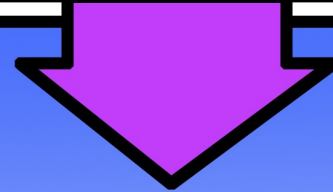

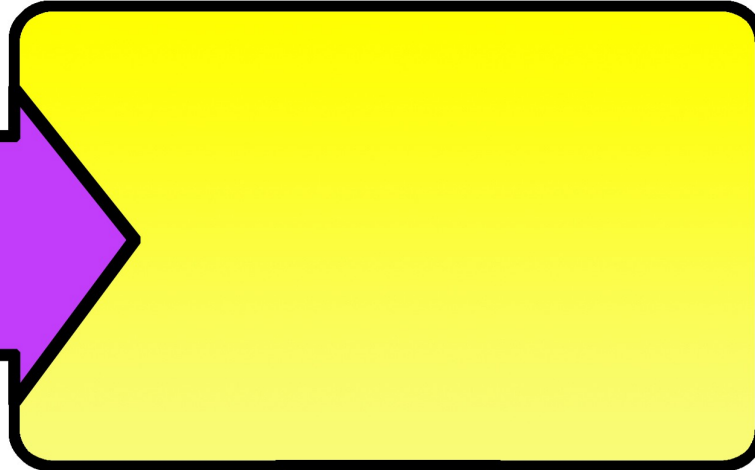

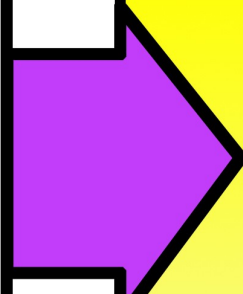

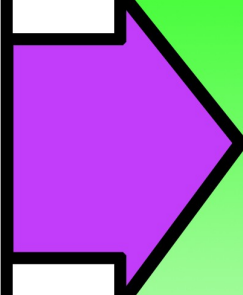

## **Pick a new card and play again!**

{As always, please let me know if there are any typos or errors in my downloads, I want to make sure to fix them!}

Place  
Addition Card  
Here

**A**

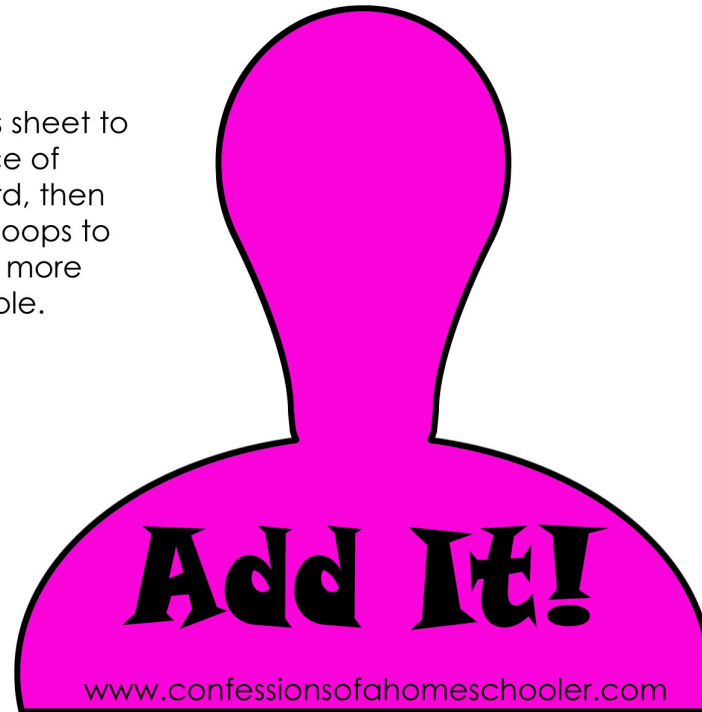

**d**

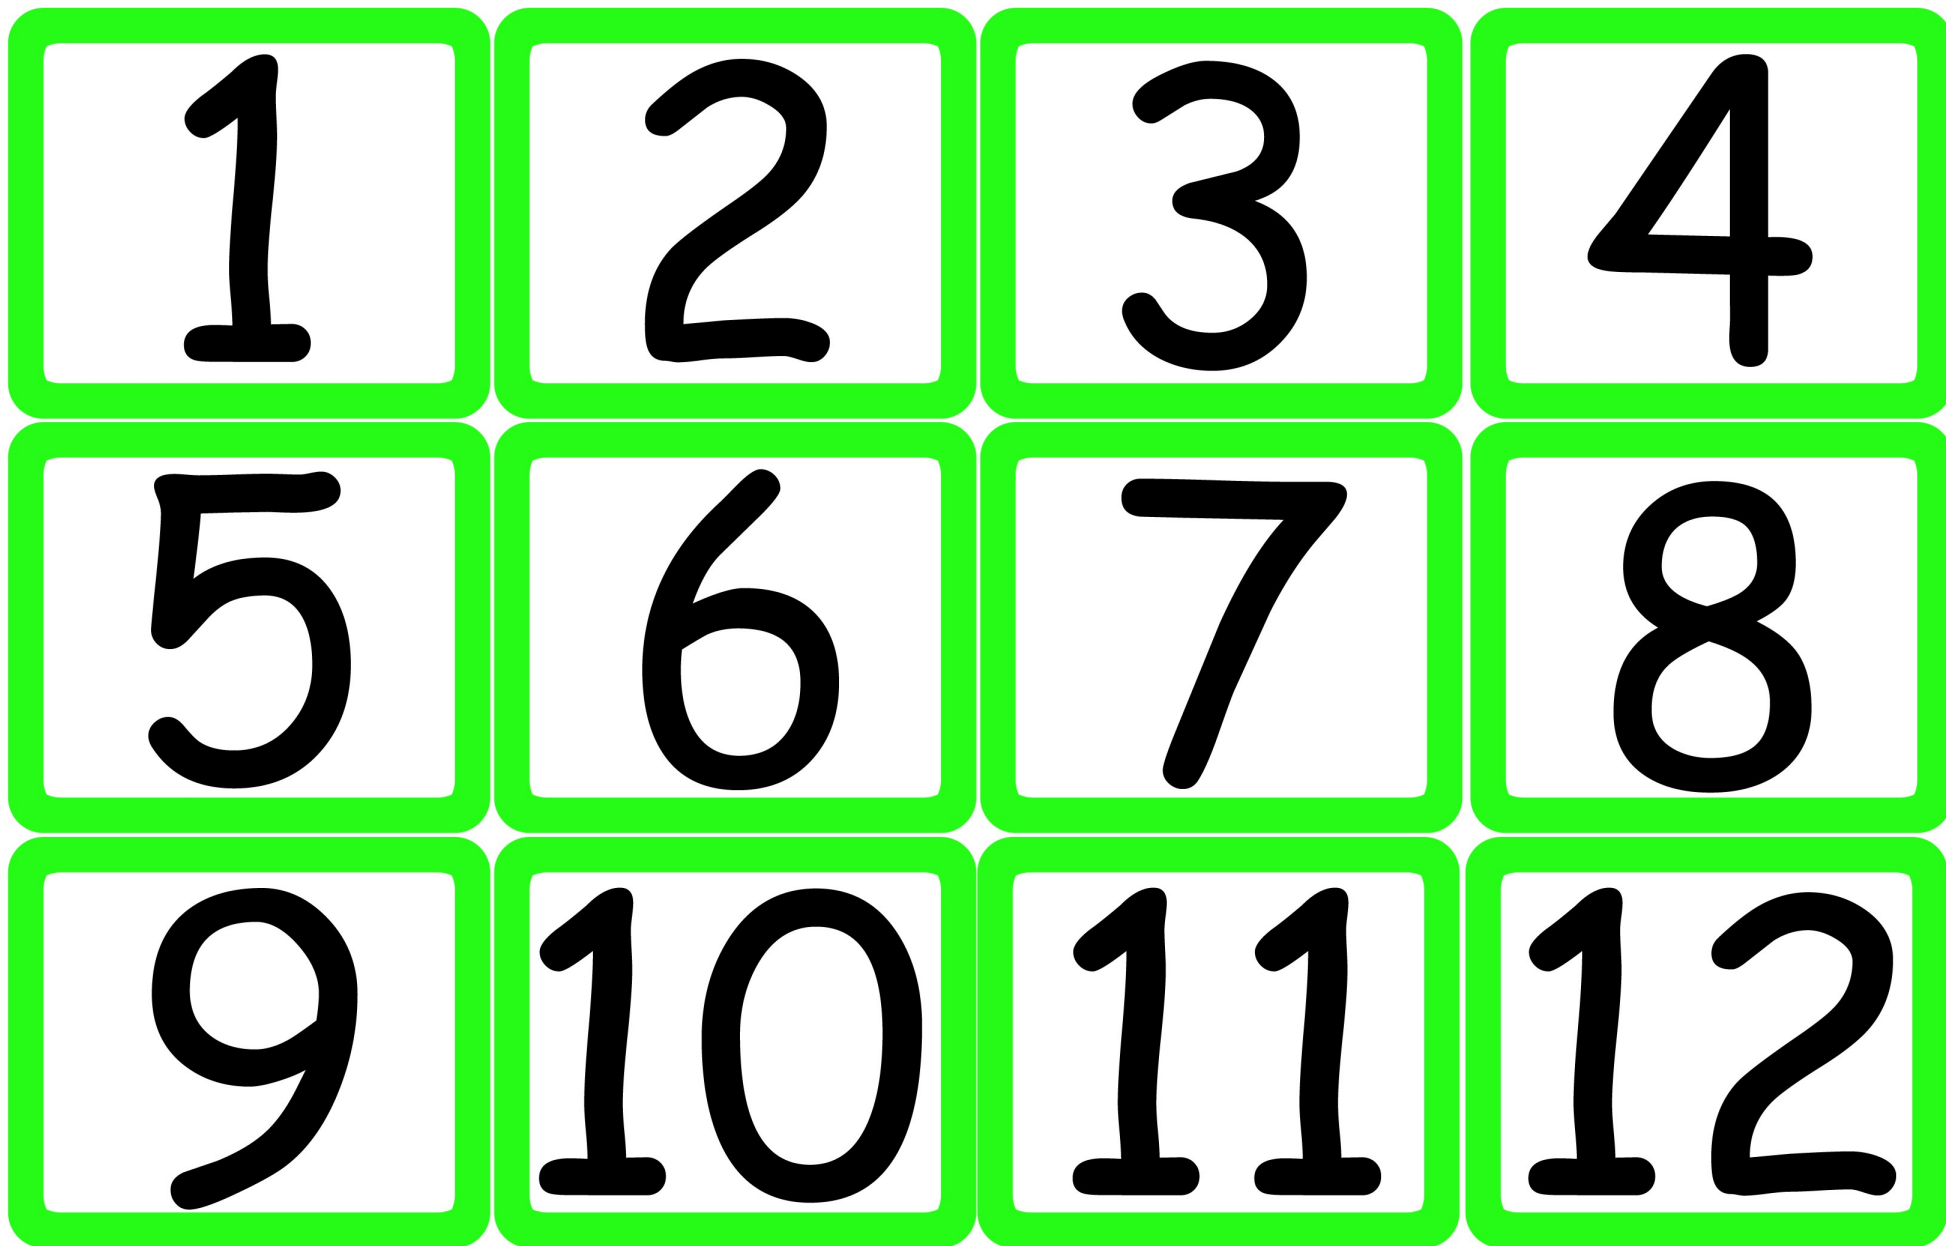

**d**

**I**

**t**

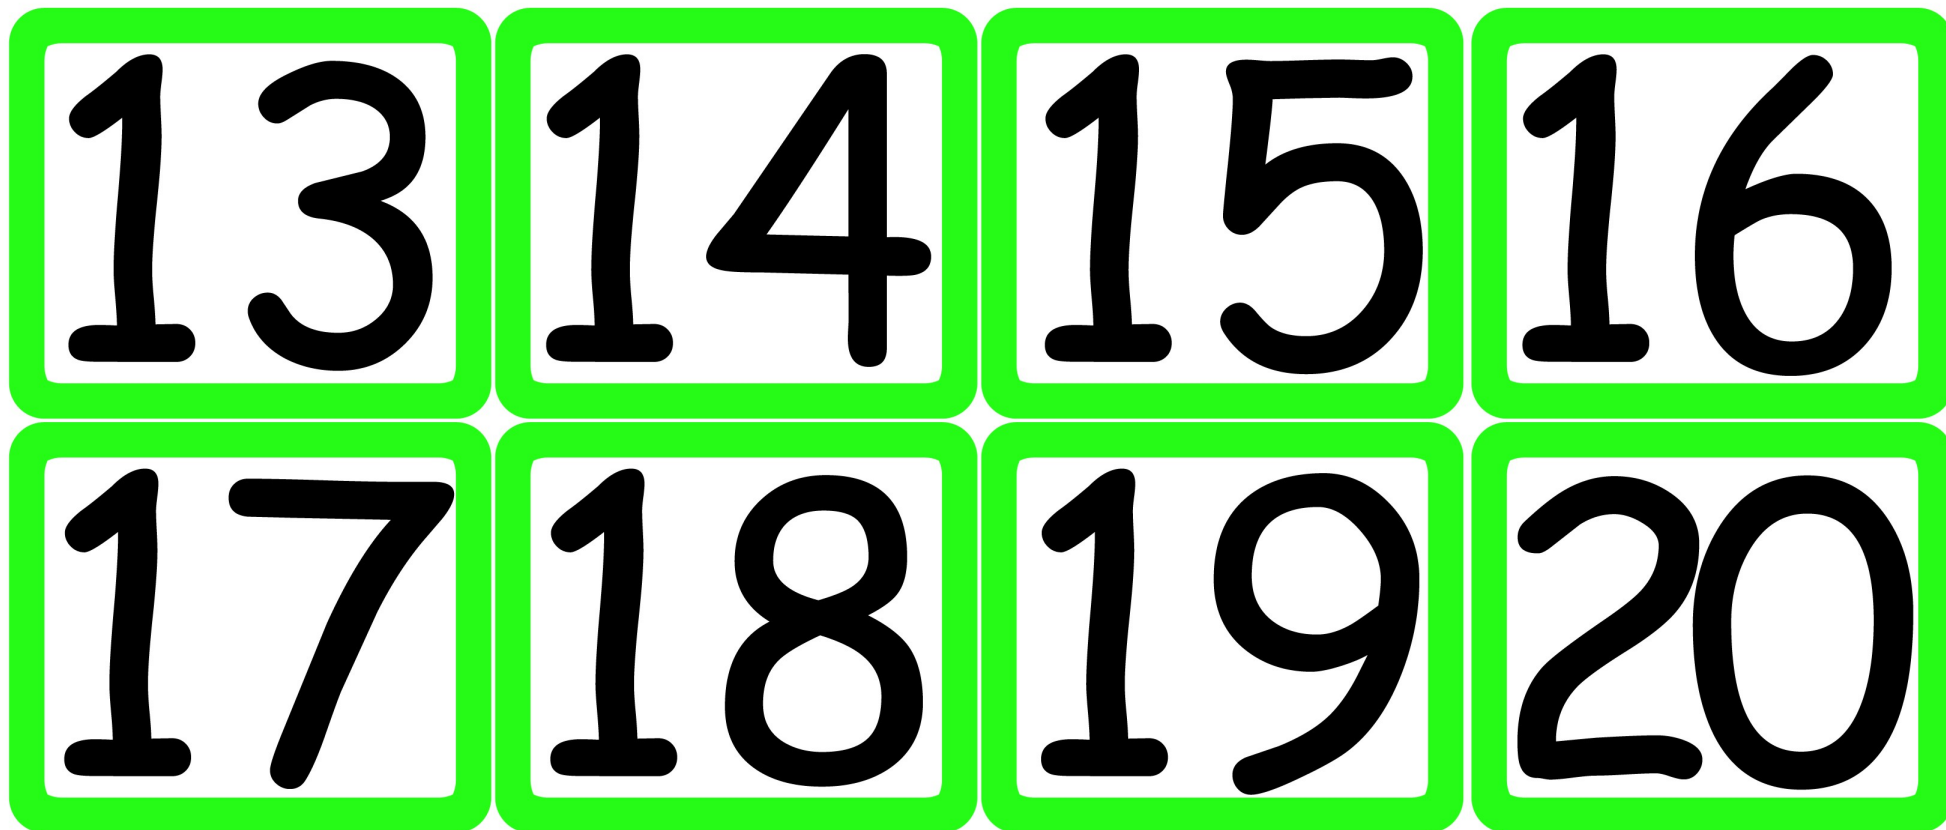

Adhere this sheet to  
a piece of  
cardboard, then  
cut out scoops to  
make a more  
durable.
