

SUBTRACT IT!

How to play the game:

- Place a subtraction flashcard onto the empty white rectangle on the game board.
 - Using any manipulative of your choice, place the correct amount of objects into the top green box based on the top number on the subtraction flashcard.
 - Using the "Scoop", scoop the correct amount of objects into the recycle bin based on the bottom number on the subtraction flashcard
 - Using the "Scoop", scoop the remaining objects from the top green box down into the bottom yellow box for your answer.
- Count the objects in the bottom yellow box, and place the correct number card onto the bottom of the subtraction flashcard.

Pick a new card and play again!

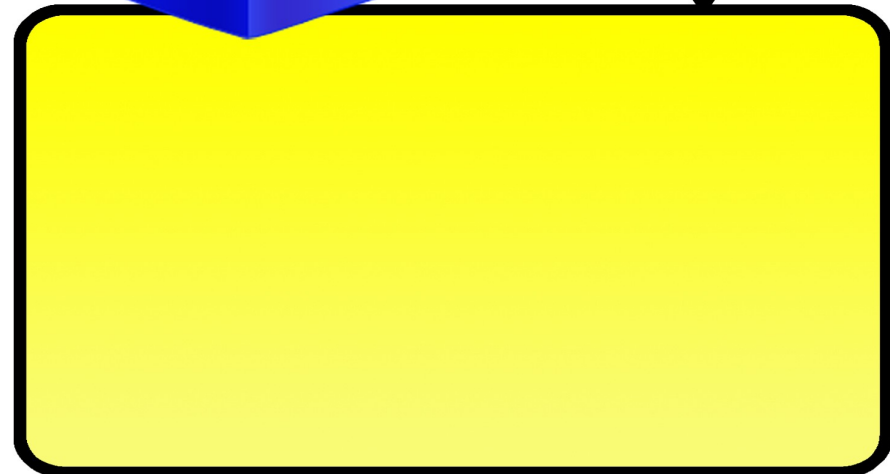

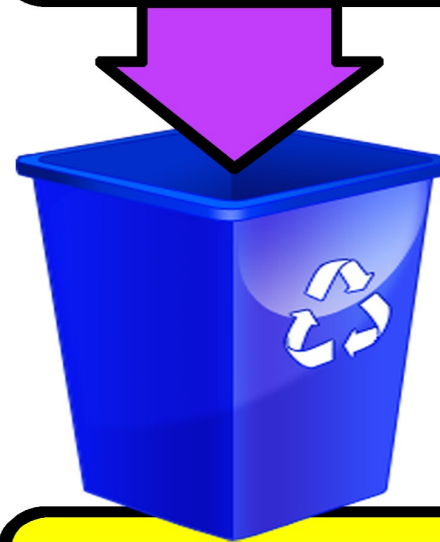

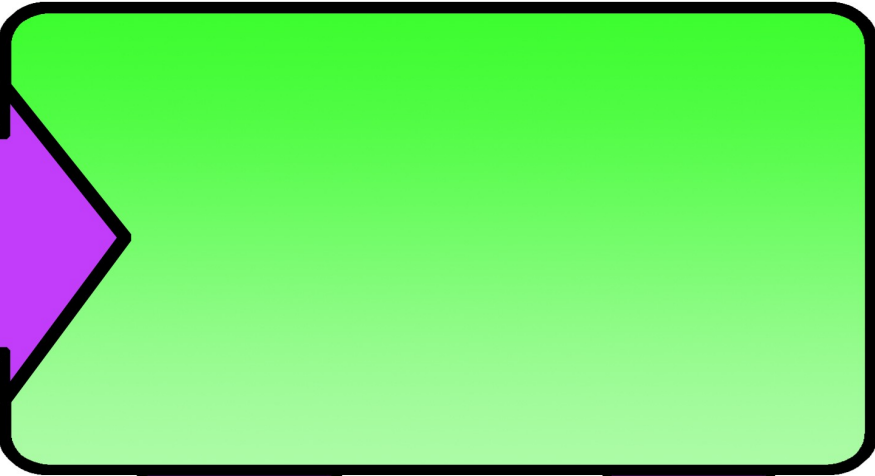

{As always, please let me know if there are any typos or errors in my downloads, I want to make sure to fix them!}

SUBTRACT IT

Place
Subtraction
Flashcard
Here

Adhere this sheet to
a piece of
cardboard, then
cut out scoops to
make a more
durable.
