

Crochet Beanie

Materials:

- 2 balls coordinating colors (Or 1 if you would like to do a single color)
- Crochet Hook 6.0mm (Choose a hook that is recommended on your yarn.)
- Yarn needle
- Scissors

Row 1: Chain enough stitches to fit around your head comfortably. Join row using slip stitch, Chain 1.

Row 2: SC in each chain around. Join row using SS, CH 3.

Row 3-4: DC alternating in front and back of each SC all around, join with SS, CH 3. Repeat.

Row 5-8: DC in each stitch around, join with SS, chain 3; repeat until hat measures about 5" tall or fits properly. Join last row together with SS.

Row 9-11: CH 3, 1 DC, DC 2tog. Then 2DC, DC 2tog all around. Join with SS. Repeat until top hole is about 1.5" in diameter.

Finishing: Cut yarn leaving an 8" tail and pull through last hook on needle to finish. Using yarn needle sew yarn through top stitches all around opening, and pull tight to close top opening. Weave in ends.

Optional: Add a pom for decoration! Wrap yarn around an iPhone (or any object that will give you the desired size pom you would like) several times. Carefully slide yarn ball off of the phone. Cut 8" yarn and tie tightly around center of yarn so that looped ends are on either side of ball. Clip looped ends. **DO NOT cut** the longer yarn ends you used to tie the pom. Trim into ball shape. Weave long pom yarn ends into the top of your hat and tie inside to secure.

Key:

SS: Slip Stitch, SC: Single Crochet, CH: Chain, DC: Double Crochet
