# MONTHLY calendars

## To use the traceable calendar:

Have students use a marker or pencil to trace each number, then have student count up to today's number.

## To use the dot calendar:

Have students use stickers or a [bingo dabber](#) to mark each day as it passes. Have students count up to today's number.

## Alternate advanced ideas:

Have students create a pattern as they write/mark their dates. For example write odd numbers in red and even numbers in blue (ABA pattern). For more advanced patterns, use multiple colors to create more patterns, feel free to get creative with your patterns!

AAB (ie: red, red, blue)

ABBA (ie: red, blue, blue, red)

ABAB (ie: red, blue, red, blue)

ABC (ie: red, blue, green)

## Weather:

Have students color or put an "x" in one square for the appropriate weather each day. At the end of the month compare to see which type of weather was most/least common.
