

Equality Games

By Erica @ www.confessionsofahomeschooler.com

This download includes equality worksheets. (They are part of my K4 Curriculum which is an expansion to the Letter of the Week Curriculum which can be found here: <http://confessionsofahomeschooler.blogspot.com>).

To play, cut out each game piece on page 3 along lines, then place in between number sets in on each page to indicate greater than, less than, or equal to. You may need to introduce greater, less, and equal terms to your student before beginning.
