

# Erica's Sew Easy Apron

## ADULT/TEEN Supplies:

1 yard main fabric and 1/2 yard accent fabric

## CHILD Supplies:

1/2 yard main fabric and 1/2 yard accent fabric

From 1/2 yard accent fabric cut:

- \* Four 2.5" x WOF strips (three for child size)
- \* One 8" x 17" pocket (6" x 10" for child size)

## DIRECTIONS:

1. Fold fabric selvedge to selvedge edges together. Cut out apron as shown to left.
2. Trim diagonal line as shown to left.
3. Fold top and bottom edges of apron in 1/4" and then another 1" and press. Sew to secure.
4. Press side seams in 1/4" and then another 1/4" and press. Sew to secure.
5. Press diagonal edges in 1/4" and then 1-1/4" in and press. Sew along the edge to create the casing for your strap.
6. Sew the strap pieces end to end and trim to desired length (120" adult, 80" child). Press the two short ends in 1/4". Next press wrong sides together in half lengthwise. Next press in the long edges 1/4". Then fold the strap in half again lengthwise and press, lining up the folded edges. Secure strap with pins and sew down the short edge, along the length, and back up the other short edge to finish. Press and set aside.
7. Fold the edges of the pocket in 1/4" and then another 1/4" all around and press. Sew along the TOP edge to finish the pocket. Next center the pocket on the front of the apron where desired. Sew down both sides and along the bottom to secure the pocket in place. I also sewed a verticle stitch down the center of the pocket to create two evenly sized pockets.
8. Thread the strap through the apron casing and you're done!
